Healthy lawns with less water

Learn more at a FREE Lawn Care Seminar

Saturday, February 2 • 9 a.m. - 11:00 a.m.

Come and learn from local experts the ways you can maintain a healthy lawn with less frequent watering. Discover the most effective and earth-friendly way to care for your lawn at Richland College's Fannin Hall (12800 Abrams Road, Dallas, TX 75243) on Saturday, February 2 from 9 a.m. - 11:00 a.m. Go to www.richlandcollege.edu for driving directions and a campus map.

Gail Donaldson, a turf and irrigation specialist and Water Conservation Manager for the City of Allen, will teach you how to care for your lawn like an expert. Subjects covered will include basic care for your lawn, common turf problems, how to water most efficiently and much more.

Following the presentation there will be a question and answer session with licensed irrigators on minor sprinkler system repairs. Also, there will be drawings to win bags of *Green Sense* organic fertilizer donated by ***Rohde's Nursery & Nature Store***.

Make a reservation

Space is limited, please register online at SaveDallasWater.com or by calling us at (214) 670-3155.

Seminar sponsored by City of Dallas Water Conservation, City of Dallas Stormwater Management and Richland College.

Please Remember

the Permanent Watering Schedule

The schedule applies to automatic sprinklers and hose- end sprinklers year-round.

Drip irrigation, soaker hoses and hand watering will be allowed any day.

Last Digit of Address	Watering Days Allowed
0, 2, 4, 6 or 8 (even numbers)	Sundays and Thursdays
1, 3, 5, 7 or 9 (odd numbers)	Saturdays and Wednesdays
