

Water your yard before 10 a.m. or after 6 p.m. from April 1 to October 31.

Don't forget time of day watering restrictions have begun!

Violations of these outdoor watering guidelines can result in fines of \$250 to \$2,000 per incident. First offenses will be issued a warning.

Water Conservation Ordinance Requirements

- Water before 10 a.m. or after 6 p.m. from April 1 to October 31.
- Observe the maximum twice per week watering schedule.
- Don't water during any form of precipitation. All automatic sprinkler systems are required to have rain and freeze sensors.
- Repair any broken, missing or misdirected sprinkler heads.
- Watering driveways, sidewalks or streets is prohibited.
- Watering resulting in runoff onto streets, sidewalks or other drainage area is prohibited.

Watering by hand, drip irrigation or the use of soaker hoses will be permitted at any time.

Experts recommend you water no more than twice a week!

If you give your lawn one inch of water every five to seven days, the water will sink in and encourage the roots to grow stronger. **Deep and infrequent watering** is key to keeping your lawn healthy and your water costs under control all summer long.
