

Water your yard before 10 a.m. or after 6 p.m. from April 1 to October 31.

*Don't forget time of day watering restrictions have begun!*

Violations of these outdoor watering guidelines can result in fines of \$250 to \$2,000 per incident. First offenses will be issued a warning.

## Water Conservation Ordinance Requirements

- Water before 10 a.m. or after 6 p.m. from April 1 to October 31.
- Observe the maximum twice per week watering schedule.
- Don't water during any form of precipitation. All automatic sprinkler systems are required to have rain and freeze sensors.
- Repair any broken, missing or misdirected sprinkler heads.
- Watering driveways, sidewalks or streets is prohibited.
- Watering resulting in runoff onto streets, sidewalks or other drainage area is prohibited.

*Watering by hand, drip irrigation or the use of soaker hoses will be permitted at any time.*

**Experts recommend you water no more than twice a week!**

If you give your lawn one inch of water every five to seven days, the water will sink in and encourage the roots to grow stronger. **Deep and infrequent watering** is key to keeping your lawn healthy and your water costs under control all summer long.
